- NVIDIA 610M GPU !
- Jetway GEN2 !

Add a discrete NVIDIA GeForce GT 610M graphics board to compatible Jetway motherboards that have a GEN2 Daughter Board connector. Fits directly onto the motherboard and video outputs are on the rear I/O panel, leaving motherboard expansion slots open.

- Compatible Jetway motherboards : NF9G-QM77, NF9I-2550
- When used with NF9G board, the combination can support up to 4 independent displays

**Specifications:**

- Part No.: JADE4NV13M
- Chipset : NVIDIA GeForce GT 610M with 1GB DDR3 RAM
- Outputs : HDMI, Mini DisplayPort, DVI-D
- CUDA : 48 Cores, up to 7.2billion/sec texture fill rate
- Features : OpenGL 4.1, DirectX 11, CUDA, H.264, VC1, MPEG 1080p
- Maximum resolution : DisplayPort 2560x1600, HDMI/DVI 1920x1200
