The Latest M.2 Compact Form Factor with 4K 30fps Resolution Nowadays, the M.2 compact form factor has become the hot trend. The dimension of a PCI Express M.2 is extremely compact and designed perfectly to fit into small-footprint embedded systems for industrial applications. Conforming to the most popular standard of M.2, CN311-H is the ideal solution for the education sector and industrial PCs, it features PCIe Gen2 x2 interface with a theoretical bandwidth of 8 Gb/s.

Compatible with HDMI 1.4a standards, CN311-H enables single channel 4096x2160 resolution at 30fps loss-less video data throughput, capable of either capturing or recording at 4096x2160 @ 30fps.

I/O Board Design with HDMI Micro Coaxial Cable Unlike most of M.2 capture cards, AVerMedia makes a breakthrough in the I/O board design. Connected via an HDMI micro coaxial cable, CN311-H can convey 4K video data efficiently, steadily and also benefit the configuration of embedded systems

- Max. input resolution 4096x2160 30fps
- Max. capturing/ recording 4096x2160 30fps
- The latest M.2 compact interface
- I/O Board design with HDMI micro coaxial cable
- Hardware video processing:
 1. Hardware scaling
 2. De-interlacing
 3. Color space conversion
- Ideal for industrial, medical, education and enterprise applications

Host Interface	PCIe Gen2 x 2
Audio Format	HDMI embedded audio
Audio Sampling Rate	32/44.1/48KHz
Connector Type	HDMI Type A
Input Interface	HDMI 1.4a, DVI-D 1.0
	YUV444: IYU2, AYUV, V410, Y410
	YUV422: YUY2, YUYV, UYVY, V210, Y210
Video Format	YUV420: I420, NV12, YV12
	RGB: RGB565, RGB555, RGB24, RGB32, ARGB
Color Depth	8-bit/10-bit
Channel No.	1Ch
Max. Input Resolution	4096 x 2160 @ 30fps
Max. Recording Resolution	4096 x 2160 @ 30fps

Input Resolution

640x480p @ 59.94/60/72/75/85
720x480p @ 59.94/60

2560x1600 @ 60RB
3840x2160 @ 24/25/30
4096x2160 @ 24/25/30

Encoding Mode

Software encoding

Multi-Card Support

Yes

Supported OS

Windows 7/ 8.1/ 10 (32/ 64 bit)*

Form Factor

Linux (based on V4L2, support x86, x64)

Dimension (L x W)

M.2

Power Consumption

22 x 80 mm

Operating Temperature

3.8 W

0°C ~ 40°C

Operating Humidity

0% ~ 95% relative humidity

Storage Temperature

-30°C ~ 80°C

Safety Certification

FCC / CE
